## Research Interests

Human-Computer Interaction (HCI), Interactive Systems, Wearable Computing, Mobile Healthcare, and Personalized Computing.

## Education

**Korea Advanced Institute of Science & Technology (KAIST)** *Daejeon, Korea*

M.S. in School of Computing *Feb 2024–Feb 2026*

- Advisor: Prof.Uichin Lee, Interactive Computing Lab (ICLab)

**Korea Advanced Institute of Science & Technology (KAIST)** *Daejeon, Korea*

B.S. in School of Computing, Minor in Electrical Engineering *Feb 2018–Feb 2024*

## Publications

(*J: Journal, C: Conference, R: In Revision, A: Accepted*)

R.1 **When Feeling and Physiology Diverge: Understanding Dual-Indicator Stress Sensemaking and Micro-Interventions in an Emotional-Labor Workplace**
**Jeonghyun Kim**, Yugyeong Jung, Junmo Lee, Kwangyoung Lee, Hwajung Hong, Uichin Lee.
*Proceedings of the ACM on Interactive, Mobile, Wearable and Ubiquitous Technologies* (*ACM IMWUT '26*).

A.1 **Exploring Data-Driven Approaches to Stress Management: A Systematic Review of Stress Tracking, Intervention, and System Evaluation Methods**
Youngji Koh, **Jeonghyun Kim**, Kwangyoung Lee, Yugyeong Jung, Hwajung Hong, Uichin Lee.
*Proceedings of the CHI Conference on Human Factors in Computing Systems* (*ACM CHI '25*).

J.1 **Affectstream: Kafka-Based Real-Time Affect Monitoring System Using Wearable Sensors**
**Jeonghyun Kim**, Duri Lee, and Uichin Lee.
*SoftwareX*, Vol. 31, 102325, 2025.

C.1 **HateBuffer: Safeguarding Content Moderators' Mental Well-Being through Hate Speech Content Modification**
Subin Park*, **Jeonghyun Kim***, Jeanne Choi, Joseph Seering, Uichin Lee, and Sung-Ju Lee.
*Proceedings of the ACM on Human-Computer Interaction* (*ACM CSCW '25*), Vol. 9, Issue 7.

## Experience

**KAIST Interactive Computing Lab** *Daejeon, Korea*

Graduate Student *Feb 2024–Feb 2026*

- Research on stress management systems that enhance self-awareness through wearable and mobile sensing
- Research a data streaming platform to support real-time affect monitoring using wearable sensor data
- Advisor: Prof.Uichin Lee, *KAIST School of Computing*

**KAIST HCI Lab** *Daejeon, Korea*

Undergraduate Individual Research *June 2021–Dec 2021*

- Research on improving issues caused by the lack of haptic feedback in AR environments
- Advisor: Prof.Geehyuk Lee, *KAIST School of Computing*

**ReDWit, Development Team** *Daejeon, Korea*

Internship *Sep 2022–Dec 2022*

- Contributed to the GOONO 3.0 update, an electronic lab notebook service
- Integrated React Query into the project

**ReDWit, Development Team** *Daejeon, Korea*

CUop Internship *Dec 2021–Feb 2022*

- Developed an in-house attendance management web service and redesigned and improved a Slack bot
- Implemented update features and fixed bugs for the electronic lab notebook service "GOONO"

## Projects

**Human Digital Technologies for Management of Emotion Worker's Mental Health Risks** *Daejeon, Korea*

Institute for Information & communication Technology Planning & evaluation (IITP) *Feb 2024–Feb 2026*

- Developing stress data dashboard enhancing **self-awareness through wearable and mobile sensing**.
- **A systematic review of existing stress management systems** to propose design directions for future systems.
- Development of a **Kafka-based data streaming platform** to support real-time affect monitoring using wearable sensor data.

**Designing Tools for Mental Health Protection in Content Moderation** *Daejeon, Korea*

CS584 Human-Computer Interaction *Feb 2024–Oct 2024*

- Understanding the **impact of mitigated text design on emotional burden and decision-making** in hate speech moderation.

**KAIST Mad Camp** *Daejeon, Korea*

Hackathon program for intensive programming and startup *June 2020–Aug 2020*

- **(Android Studio / Java)** Developed a mobile app that provides contact, gallery, and weather information [github]
- **(Android Studio / Java / mySQL / Node.js)** Built a mobile SNS app inspired by Cyworld [github]
- **(HTML / mySQL / Node.js)** Created a movie search website categorizing films by continent [github]
- **(React / MongoDB / Node.js)** Developed a website introducing vegan restaurants in Korea [github]

## Skills

| | |
|---|---|
| **Programming** | Python, Java, JavaScript, TypeScript, C/C++, C# |
| **Software & Frameworks** | React.js, Node.js, Next.js, Android Studio, Pytorch, Unity3D, MongoDB, MySQL, Pytorch, Numpy, Scikit-learn |
| **DevOps** | Docker, Kubernetes, AWS, Git |
| **Design & Research** | Figma, Qualitative & quantitative analysis for user study |

## Honors, Awards, and Scholarships

**Graduate Research Fellowship for Master's Student** *NRF*

A national fellowship to foster Master's students' early research capabilities and academic excellence. *2024-2025*

**Outstanding TA Award** *KAIST*

Teaching assistant for CS206 Data Structure course. *2024.08, 2025.07*

**Lim Mi-sook Scholarship** *KAIST*

A scholarship that supports KAIST SoC female students who demonstrate outstanding leadership. *2023.11*

**National Science and Engineering Scholarship** *KAIST*

A government-funded program for outstanding students entering science and engineering fields. *2018.06*

**KAIST Presidential Fellowship** *KAIST*

A selective program supporting top undergraduates with academic excellence and leadership potential . *2018-2023*

## Teaching Experience

**2025 Winter Internship Program in Interactive Computing Lab** *KAIST ICLab*

Teaching assistant for internship program. *2025 Winter*

**CS206: Data Structure** *KAIST SoC*

Teaching assistant at KAIST (Instructor: Prof. Eunyoung Moon). *2024 Spring & Fall, 2025 Spring & Fall*

## Mentoring Experience

**Archit Narumanchi (Undergraduate):** On-device Context Sensing using Smart Watches *Dec 2024–Feb 2025*

**Jaehyeon Lee (Undergraduate):** Mobile Data Collection System *Dec 2024–Feb 2025*

## Services

**Reviewer @ ACM CHI '26:** Peer review. *Feb 2026*

**HCI@KAIST Lunch Meeting Organizer:** Organized monthly meetings for HCI-studying labs. *Feb 2025–Feb 2026*
